2010-2011 Autumn & Fall ~ Women's Apparel Collection Article 23 by Naia Rico ~ Paris, France

Dear Eco Fashion Buyer,

Welcome to Naia Rico's women's organic cotton collection for **Article 23!** Sizes range from XS extra small to XL extra large.

Kate Carter of *The Guardian* quoted the company as *one of the best labels of Estethica*. Like icing on the cake, a *BBC* documentary on ethical fashion named designer Naia as *one of the most promising young stylist in London*.

Born in Denmark to a Portuguese father and a Danish mother, Naia traveled at an early age to study and enter passage into the world of haute couture. Various fashion design techniques were learned, – from the art of corseting and lace, to handling noble and luxury fabrics.

With infinite care and finesse, Naia creates her own supremely unique artistic universe. She cleverly plays upon the duality between retro and contemporary, using geometric shapes, culminating in a winning style of timeless designs. Although she is classically inspired, her productions are both structured and fluid, marrying the modern and the eternal.
